

# DROW ROGUE 10

"I am in the business of removing obstacles."

Without divine or arcane magical ability, your options in the cutthroat world of drow society were limited. You either became an expert in death, or you died young.

After honing your murderous arts in the Underdark, you made your escape from the city of your birth to strike out on your own. Your reputation as a nigh-invisible killer strikes fear into those who would wrong you. But those who respect you earn your ready support.

## BACKGROUND (CHARLATAN)

You know what makes people tick, you can tease out their heart's desires after a few minutes of conversation, and with a few leading questions you can read them like they were children's books.

Your favorite scheme is putting on new identities. Your facility with disguise makes it easy to insinuate yourself into any setting, the better to get your target alone.

**False Identity.** You have created a second identity that includes documentation, established acquaintances, and disguises that allow you to assume that persona. Additionally, you can forge documents including official papers and personal letters, as long as you have seen an example of the kind of document or the handwriting you are trying to copy.

**Faction.** You are a member of the Zhentarim, an organization of well-trained mercenaries, savvy rogues, and crafty warlocks who seek to expand their influence and power.

**Personality Trait.** You lie about almost everything, even when there's no good reason to.

**Ideal.** You are a free spirit—no one tells you what to do.

**Bond.** You owe everything to your mentor—a master drow assassin who sees your defection as a personal affront.

**Flaw.** You're convinced that no one could ever fool you the way you fool others.

## DROW TRAITS

**Superior Darkvision.** You can see in dim light within 120 feet of you as if it were bright light, and in darkness as if it were dim light.

**Sunlight Sensitivity.** You have disadvantage on attack rolls and on

**Trance.** Instead of sleeping, you meditate deeply, remaining semiconscious, for 4 hours a day, gaining the same benefit that a human does from 8 hours of sleep.

## OPTIONS

**Evasion.** Rogue feature

**Sneak Attack.** Rogue feature

**Assassinate.** Rogue feature

**Infiltration Expertise.** You can unflinchingly create false identities for yourself. You must spend seven days and 25 gp to establish the history, profession, and affiliations for an identity. You can't establish an identity that belongs to someone else. Thereafter, if you adopt the new identity as a disguise, other creatures believe you to be that person until given an obvious reason not to.

**Sneak Attack.** Once per turn, you can deal an extra 5d6 damage to one creature you hit with an attack if you have advantage on the attack roll. The attack must use a finesse or a ranged weapon.

You don't need advantage on the attack roll if another enemy of the target is within 5 feet of it, that enemy isn't incapacitated, and you don't have disadvantage on the attack roll.

**Expertise.** Your proficiency bonus is doubled for any ability check you make using your Deception, Perception, or Stealth skills.

**Assassinate.** You have advantage on attack rolls against any creature that hasn't taken a turn in the combat yet. In addition, any hit you score against a creature that is surprised is a critical hit.

**Uncanny Dodge.** When an attacker that you can see hits you with an attack, you can use your reaction to halve the attack's damage against you.

## EQUIPMENT

---

Shortsword, dagger, hand crossbow, quiver with 20 bolts, studded leather, dungeoneer's pack, thieves' tools, disguise kit, poisoner's kit, antitoxin, vial of basic poison (2), signet ring of a minor drow noble (your false identity), *helm of telepathy*, *potion of healing* (3), dark common clothes with a hood, fine clothes, belt pouch.

**Helm of Telepathy.** While wearing this helm, you can use an action to cast the *detect thoughts* spell (save DC 13) from it. As long as you maintain concentration on the spell, you can use a bonus action to send a telepathic message to a creature you are focused on. It can reply—using a bonus action to do so—while your focus on it continues.

While focusing on a creature with *detect thoughts*, you can use an action to cast the *suggestion* spell (save DC 13) from the helm on that creature. Once used, the *suggestion* property can't be used again until the next dawn.
